OBJECTIVE

Motivated university student specialising in User Experience Design, with a work background in customer service. Passionate about creating intuitive, human-centred designs that improve user satisfaction and bridge the gap between technology and people's everyday needs. Eager to apply my design skills to gain industry experience and further develop as a UX designer.

EDUCATION

Bachelor of Design (User Experience Design)

Feb, 2024 - Dec, 2026

The University of Melbourne

- Relevant coursework: Media Computation (CSS & HTML), Fundamentals of Interaction Design, Graphic Design, Principles of Marketing
